Mrs. Wallace Says Thanks To Her Fans

Mrs. Lurleen Wallace of Alabama has a group of fans in the Bank of Pahokee who wrote her recently congratulating her upon her nomination as the Democratic nominee for governor in that state.

The girls in the bank dashed off a letter to Mrs. Wallace and each one signed it, showing their state of nativity. A cordial reply to each girl was received from the vote-getting woman in the South.

One of the letters addressed to Miss Julia Mathis read as follows: Dear Miss Mathis:

Thank you so much for your letter. Governor Wallace and I sincerely appreciate your thoughtfulness.

It is most encouraging to have the support of friends such as you. We hope you will continue to give

Lions Club Sees Direct Dialing

The Pahokee Lions Club met Tuesday, May 31, at the Lions Club Building with George Rashley, president, presiding. Jack Sherrod was the student guest.

It was announced that the monthly board of directors meeting will be held next Tuesday night at 7:30 p. m. and it was also announced that a new officers forum will be held on Sunday, June 5, from 2:00 to 4:00 p. m. at Forest Hill High School sponsored by the Palm Beach County Lions Clubs for all newly elected officers in Palm Beach County.

The program for the day was prepared by Duncan Padgett, past president of the Pahokee Lions Club. Charles E. Leonard, manager of Southern Bell Telephone in Belle Glade was the guest. He discussed and demonstrated DDD—Direct Distance Dialing—which will be in use in the Glades area in November. He made several calls by direct dialing to Maine and California and called Edward M. Lindsey in Lawrenceburg, Tennessee, first vice president of Lions International who will be installed as the Lions International president during the International convention, which will be held July 6, in New York City.

Incoming president, Lewis Collins, Jr., talked to Mr. Lindsey and discussed his upcoming program for the year and other matters of Lions work. Mr. Collins also established a Search For Peace essay contest which will be open to all people between the ages of 14-22.

Progress Is Shown By Auxiliary

President Grace Maxson presided at the May meeting of the Woman's Auxiliary of the Everglades Memorial Hospital held in the dining room of the hospital Tuesday night.

In the absence of Oni Fay Urry, ways and means chairman, Marilyn Foisette reported the Auxiliary netted \$37.64 in March and \$48.99 in April from the gift shoppe and the hospital lobby. It was suggested that, since the courtesy cart vending machines it sponsors in is presently not in operation, nurses on duty suggest to new patients the availability of various personal items at the gift shoppe, which will be delivered to the patient's bedside upon request by a Pink Lady.

President Maxson reported sewing work is piling up at the hospital, resulting in an urgent need for volunteers for this work. Materials for sewing at home, even if it is only for an hour or two at a time, may be obtained through Mrs. James D. Latham, the new sewing chairman, or President Maxson. If necessary, the sewing material will be delivered to the home. If a member does not own a sewing machine, there is one at the hospital that may be used, if desired.

Auxiliary Emblems were distributed to members eligible to receive them as follows: Completion of the 6-Hour Orientation Course—Marjorie Hatton, Agnes McClelland, Alicia Ramey, Kay Simonds, Fay Urry, Frances Weeks, Marion Bleech, Margaret Panjuli, Grace Graham, Bernice Sheppard, Grace Maxson, Eloise Watson and Marjorie Laks; four hours of orientation—Eddie Smith, Sheila Ames, Addie Thompson, Evie Roberts, Inez Reeves, Judy Walker, Laurie Justice and Barbie Rosenberg; two hours of orientation and four hours of individual training—Marjorie Mock.

A message from the Treasury of a free people

Each of the seven denominations of Series E Savings Bonds shows a different President of the United States. If you're interested in this kind of art, the seven make a nice collection.

Along with the hobby, Savings Bonds offer such extras as riskless investing, 3 1/2% more money at maturity, and financial freedom for your future.

But there are other kinds of freedom tied in with your purchase of Savings Bonds. Freedom to speak your piece, choose your job, and own your property, to name a few. Every Bond you buy helps our government further the cause of freedom everywhere in the world today.

Why not start collecting U. S. Savings Bonds now? Only \$18.75 each for the George Washington variety, at your bank or on Payroll Savings where you work.

Keep freedom in your future with

U.S. SAVINGS BONDS

Summer School For Glades Area

The Palm Beach County school system is offering for the first time in the Glades area a summer school for all students who wish to either strengthen themselves in courses that they will be taking in the future or for credit in courses they may have failed.

The Summer School is locally financed and locally operated. In Palm Beach County only junior and senior high schools are involved in summer school. Credit is given for courses successfully completed for new subjects or for subjects failed during the regular school term. Completed (passed) courses are recorded on a student's permanent record and become a part of his recorded school program.

Palm Beach County Summer

School is an extension of the regular school program offering educational opportunities for students as follows:

1. To take new work.
2. To reinforce a subject area where there is a weakness.
3. To repeat a failed course.

For example, a student may find the regular school year so crowded that he is unable to take some desired subjects. The student can get these courses or required courses in summer school. A student may pass a subject but feel that a review of the course would be desirable before he goes on to the next level. Finally, it would enable students to make up failed courses.

The summer school for the Glades area will be at Pahokee Junior-Senior High School. All students throughout the Glades area who wish to attend may register June 13, between the hours of 8:30 a. m. and 1:30 p. m. Because this is locally financed there will be a \$36.00 fee for all participants.

Be Careful With Your Car Keys

State Hotel and Restaurant Commissioner W. J. Hamrick has issued a warning to guests at hotels and motels in Florida against giving a full set of keys to attendants who park their cars.

Hamrick says a gang of thieves is operating in Florida and central figures in the scheme are parking attendants who make replicas of house keys and send them north to their accomplices.

Along with the house key goes the home address of the traveler which is lifted from the registration books. This information permits a thief to loot and ransack the traveler's home while he is enjoying Florida.

Hospital Administrator J. C. Simonds, Jr., commended the Pink Ladies for the way they are pitching in and helping out in the work at the hospital, saying that the hospital staff really appreciates what they are doing and has come to depend more and more on their valuable services. Mrs. Alice Ramey and Mrs. Marion Bleech were given a standing vote of thanks from the Auxiliary for their faithful and outstanding work in taking patients to and from the hospital's x-ray room on Mondays and Thursdays.

Mr. Simonds said that Everglades Memorial is receiving praise and a good score card from the various officials whose duty it is to inspect and rate public hospitals. He explained the high standards that must be maintained in order for a hospital to participate in the government's forthcoming Medicare Program.

President Maxson urged members about to leave on vacations to make arrangements for substitutions in their work schedule at the hospital, and if they are not able to do this, be sure and notify Barbie Rosenberg, schedules chairman, as there can be no excuse for a Pink Lady post at the hospital to be left unattended.

Named on a nominating committee to recommend a new slate of officers for the coming year, starting next fall, were Louise Stanley, Kathryn Rardin, Eula Tillis and Sheila Ames.

The group voted to suspend regular meetings through the summer months of June, July and August, however, the executive board will be subject to call for special meetings through the summer should financial problems in the ways and means department make such meetings necessary. Mr. Simonds promised to investigate the possibility of having a telephone installed at the gift shoppe for Pink Lady use.

The next regular meeting of the Auxiliary will be Tuesday night, September 27, at which time new

U.S. Savings Bonds are a better way to save than ever

Because now all Series E and Series H Bonds bought after December 1, 1965, will earn the new, higher interest rate of 4.15% when held to maturity. That's only 7 years for Series E—9 months quicker than before. All H Bond interest checks will be larger beginning in June 1966.

And your outstanding Bonds will earn more, too, from now on. So, you don't have to cash in your present Bonds to get the attractive new rate.

Ask about buying Bonds where you work or bank. For America's future. And yours.

"Today, above all, is a time for all Americans to rededicate themselves to the spirit that animated the Minutemen of Concord—who serve as a symbol of the Savings Bond program. For today, as at the founding of our nation, it is freedom which is again at stake. Not all of us are called upon to fight in the jungles of Vietnam, but while our men are there, in the front line of a distant land, none of us can remain aloof on the sidelines. We must all do our share—in every way we can—to support our men in Vietnam. One sure way is open to all Americans through the Savings Bond program."

Now— U. S. Savings Bonds Pay More Interest

4.15% when held to maturity

*Higher interest on the
Bonds you already own, too!*

U.S. Savings Bonds are a better way to save than ever

Because now all Series E and Series H Bonds bought after December 1, 1965, will earn the new, higher interest rate of 4.15% when held to maturity. That's only 7 years for Series E—9 months quicker than before. All H Bond interest checks will be larger beginning in June 1966.

And your outstanding Bonds will earn more, too, from now on. So, you don't have to cash in your present Bonds to get the attractive

new rate.

Ask about buying Bonds where you work or bank. For America's future. And yours

"Today, none of us can remain aloof on the sidelines."

"Today, above all, is a time for all Americans to rededicate themselves to the spirit that animated the Minutemen of Concord—who serve as a symbol of the Savings Bond program. For today, as at the founding of our nation, it is freedom which is again at stake. Not all of us are called upon to fight in the jungles of Vietnam, but while our men are there, in the front lines of a distant land, none of us can remain aloof on the sidelines. We must all do our share—in every way we can—to support our men in Vietnam. One sure way is open to all Americans through the Savings Bond program."

**Why should you buy
 U. S. Savings Bonds when there are
 so many other good investments?**

To help your country is one answer—and a good one.

But Bonds have other advantages that make them worth your consideration.

For instance, they offer you just about the easiest way to save money; either with the Payroll Savings Plan where you just ask your employer to put part of your wages aside toward a Bond or through regular purchase of Bonds at your bank.

Another unique advantage of U. S. Savings Bonds is the way they stick with you. You can get your money any time.

But if you're like most people, you'll hang on to your Savings Bonds for the big things you want in your future.

And, of course, Bonds are a safe investment—as long as there's a United States of America.

Which brings us back to your country again. Bonds help defend freedom at a time when the enemies of freedom are stronger than ever.

Buy Savings Bonds. The banks or savings institutions that sell them don't charge you a penny for the service.

A message from the Treasury of a free people

How to speak out for freedom today

Free men have never gone in much for silence. Even before the first thirteen States became United States, men were speaking for freedom loud and clear.

Today Americans speak out for freedom many ways—in Congress, in local government, in neighborhood activities. Some speak out for freedom in other languages, in other lands. And millions of Americans speak out for freedom every time they buy U.S. Savings Bonds.

Every Savings Bond you buy is an investment in freedom. While you're saving money for your

own family's future, you're helping Uncle Sam tend to the business of keeping men free today.

Perhaps you don't speak out for freedom in the same tone of voice when you buy a Bond as Patrick Henry did in his famous speech. But you speak every bit as surely. And every bit as proudly.

Why not speak out for freedom now? Buy Bonds at the bank or on the Payroll Savings Plan where you work.

Keep freedom in your future with

U.S. SAVINGS BONDS
